

PASoft News

June 2, 2006

To: Our Clients, Associates, and Friends

CURRENT BUSINESS:

Over the past month, we have happily continued responding to requests to provide a variety of consulting services including the following:

1. Technology support and maintenance of existing systems
2. System development
3. E-communications campaigns
4. Measurement
5. Data Management and Reporting
6. Research

We have received great feedback and encouragement from all. PASoft is dedicated to delivering personalized service and solutions with timely direct communication, as well as strategic and productive ways to use your existing system or new system.

NEW INFO/NEWS:

Great State Filing Information Websites

If you don't already know about these 2 links and are doing research for state election rules, please take a look the following two websites: <http://www.nased.org/membership.htm> and <http://www.campaignfinance.org/states.html>. Both websites give you the links for all 50 states.

Free Anti-Virus Software

If you are looking for free Anti-Virus software for personal use, take a look at www.free.grisoft.com. Make sure you uninstall NORTON or whatever your current service is first, then get the **AVG Anti-Virus** at www.free.grisoft.com and install. It is a snap to install, updates every day, and offers excellent protection. Check it out!

PERSONAL BREAK IN ACTION

Over Memorial weekend, my husband, our 3-year old son Randall, and I visited family in Hilton Head, South Carolina. The weather was a hot - 101 degrees so we spent most of our time in the pool. It was a nice getaway and break from recent business activity. I hope you also are able to take a break once in a while, too. By the way if you travel there I would recommend you bring plenty of bug spray. There are a lot of "no-see-ums" which are tiny biting flies that often live near water. They are called no-see-ums because they're so tiny that it is hard to see 'um but they sure saw and found us!

Hope you had a great May and June is even better!

Sincerely,
Elena Bevan
President
